Institute Of Esports Training & Academics

ABOUT **desportz**

desportz Institute of Esports Training and Academics believes that the potential of esports extends far beyond competitive gaming. We aim to leverage the power of esports as a platform to promote health, wellness, education, employability, and many other valuable outcomes. **desportz** is formed with the belief that video games can positively impact lives and build a sense of community among young people. We offer industry-leading esports training programs while fostering essential life skills within a fun, safe, and inclusive environment.

ABOUT **Master Program**

The desportz Esports Master Program is a comprehensive, one-year immersive course designed for passionate individuals aspiring to build a career in the fast-growing world of Esports. In collaboration with Gen.G Global Academy from South Korea and ECA (Esports Coaching Academy of Iceland), this program offers an unparalleled learning experience that combines global industry insights with localized expertise. With an international focus and an industry-driven approach, the desportz Esports Master Program prepares students to excel in both the competitive gaming arena and Esports management, ensuring they are equipped with the skills, knowledge, and connections to thrive in the global Esports ecosystem.
